ORDER:

The Chief Engineer, NTR Telugu Ganga Project, Tirupati in his letters read above has submitted estimate for the work "Modernization of Malidevi Major Drain and its Medium & Minor Drains under Pennar Delta Drainage system in SPSR Nellore District" for Rs.87.642 Crores for according administrative approval. Malidevi Major Drain is one of the four (4) major drains under the Pennar Delta Drainage System in SPSR Nellore district. The drain originates from Kanigiri Reservoir in Buchireddy Palem village and runs for a length of 42.300 km and joins in Pennar near Vutukur Village of Vidavalur Mandal in Nellore District. The drain is not able to carry the full designed discharge due to damages during heavy floods and cyclones. Huge shoals and silt are formed at many places besides the growth of weed which are creating obstructions for free flow of drainage water and as a result even ordinary flood water is overflowing and inundating the standing crops in the adjacent lands and causing damages. The Chief Engineer, NTR TGP has requested for according administrative approval for the above work.

(PTO)

2. Government after careful examination, hereby accord administrative approval for an amount of Rs.87.41 Crores (Rupees Eighty Seven Crores and Forty One Lakhs only) for the work of "Modernization of Malidevi Major Drain and its Medium & Minor drains under Pennar Delta Drainage system in SPSR Nellore District".

3. The amount sanctioned in para (2) above shall be debited under the Head of Account "4711 Capital Outlay on Flood Control Projects - 03 Drainage – MH.103 Civil Works – GH.11 State Development Schemes – SH (08) Pennar Delta area – 530 Major Works - 531 Other Expenditure & 532 Lands".

4. The Chief Engineer, NTR Telugu Ganga Project, Tirupati shall take further necessary action accordingly.

5) This order issues with the concurrence of Finance (FMU.WR.I) Department vide their U.O.No.47027/420/FMU-WR.I/2016, dated 22-02-2019.
